

## Heavy-Duty LCD Wall Mounting Bracket & for TS278 Computer Desks

This part of the bracket attaches to the slanted board of the **computer desk (or a wall)**

This part of the bracket attaches to the rear VESA holes on your **monitor**

Once each of these parts are attached to the Computer Desk and to the Rear of the monitor, simply "hang" the monitor onto the computer desk mounted bracket and affix it into place by screwing the 3 black screws on the sides.
